 VicHealth

## A plan to make your health better

VicHealth made a plan. The plan says what people with a disability need for good health.

People need

- a job
- good pay
- a house
- a role in your community
- a good education
- good health care.

This means you will

- have better health
- make choices about your health
- feel good about yourself.

Your community will

- respect you
- include you
- treat everyone the same.

The law will say we must do this.

VicHealth will give the plan to

- the government
- and**
- community services.

We will

- work together
- and**
- help you have better health.
