

Victorian Government COVIDSafe | DOH - Get Tested Stakeholder Pack

04/06/2021

Introduction

Reminding people to get tested if they have any symptoms is a simple and effective way we can stop the spread of coronavirus, and keep our loved ones and communities safe.

This campaign helps Victorians understand and recognise key coronavirus symptoms. If we experience any of these symptoms, no matter how mild, we must get tested and stay home. There are payments available to support Victorians to stay home from work if they need to get tested.

What you can do to help

You can help by:

- Sharing the materials that you can access from this stakeholder kit with your community via social media and digital platforms.
- Directing people to the Victorian Government's coronavirus website for current information and updates: [CORONAVIRUS.vic.gov.au](https://coronavirus.vic.gov.au)
- Advising anyone who is concerned to call the coronavirus hotline on 1800 675 398 (24 hours).

Hey you mob,
It's important to get tested for coronavirus at the first sign of any symptoms and stay home until you get your result.

Symptoms include:

- Fever, chills or sweats
- Cough or sore throat
- Shortness of breath
- Runny nose
- Loss of sense of smell or taste

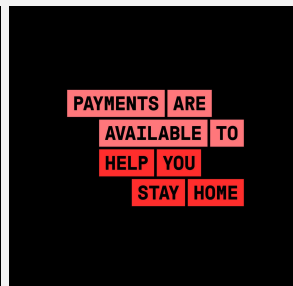

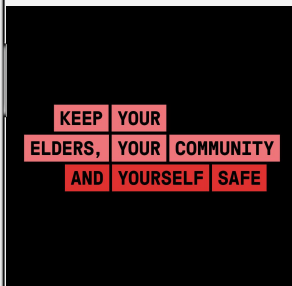

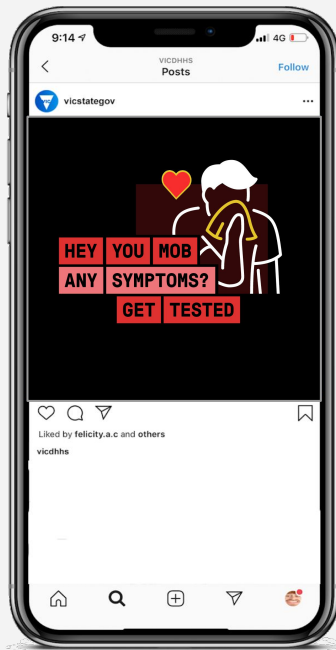

Getting tested helps keep your Elders, your community and yourself, safe.

Payments are available to help you stay home.
