

Foost/Deakin Incursion

Survey Evaluation Report

Survey Evaluation

The survey consisted of seven questions where participants were asked to respond to questions in regards to; addressing healthy needs, motivation for cooking inspiration, increased knowledge surrounding nutrition and cooking and positive attitudes towards the incursions from children's responses.

Quotes from educators:

1

"The whole experience was fantastic."

2

"Children who have very limited diet, touched new foods and talked about their experience with their parents later that day."

3

"All the ingredients were ready and well-prepared. The cooking equipment was clean, inviting and age-appropriate."

Did you find the incursion to be engaging for the children?

Answered: 3 Skipped: 0

“A lot of children were very excited to eat their sushi and their vegetables because they MADE it.”

Figure 1: Represents how engaged the educators felt the children were during the incursion

- **1 out of 3 centres were likely to book another incursion in the next term**
- **2 out of 3 centres would book another incursion within the next year**

When would you be likely to book another incursion for your centre?

Answered: 3 Skipped: 0

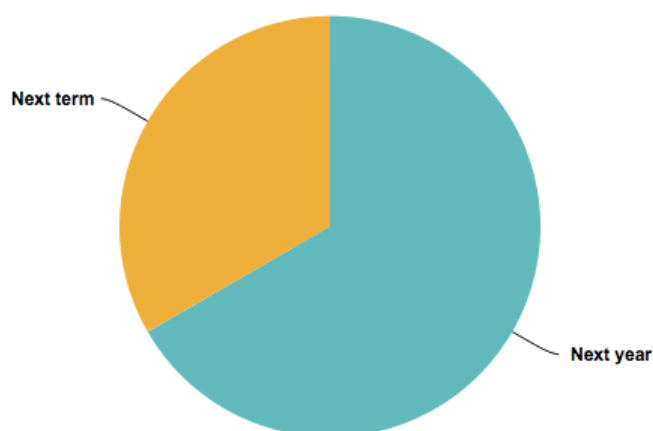

Figure 2: Shows the likelihood of centres booking another incursion with Foost and in what time period.

- **100% OF RESPONDERS GAINED INSPIRATIONS TO DO MORE COOKING AND FOOD PREP WITH THE CHILDREN AFTER ENGAGING IN THE INCURSION**
- **PARTICIPANTS WERE HIGHLY LIKELY TO RECOMMEND THE FOOST INCURSION TO A COLLEAGUE, WITH AN AVERAGE WEIGHING OF 4.5% OUT OF 5.**
- **EDUCATORS FELT THAT THE INCURSION ADDRESSED AND FURTHER SUPPORTED HEALTHY EATING PROGRAMS ALREADY IMPLEMENTED WITHIN THEIR CENTRE.**
